ABOUT

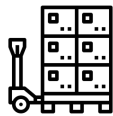

For over thirty years, businesses have relied on TruckCourier to service their most mission critical shipments. Strategically located in the Boston metropolitan area, we are the leader in local transportation throughout New England.

SAME DAY ADVANTAGE

We ship same day direct within a 500 mile radius of Boston. What does this mean? It means that cross-docking and holdover fees are history, plus your freight never leaves our truck! This enables terrific savings for you, but we wanted to give you even more. We've paired our strategic service location with our Weightless Freight pricing structure meaning regardless of how much your freight weighs, the cost is the same. Whether it is 1 skid or 10 skids to JFK, the cost is the same!

DISCOVER DEDICATION

Not only can we pick up and deliver your freight, we can also deliver a driver and truck for a day, or a week, or maybe three of them if you need! We offer a dedicated exclusive use program where we will give you the drivers and equipment you need for the project at hand. Our customers use this to tackle big one-off projects, fleet replacement, and to supplement internal driver's vacations and time off. All of our drivers are TSA certified (on Veroot) with CDL and Air Ride options available.
